

Strain Relief Detail*

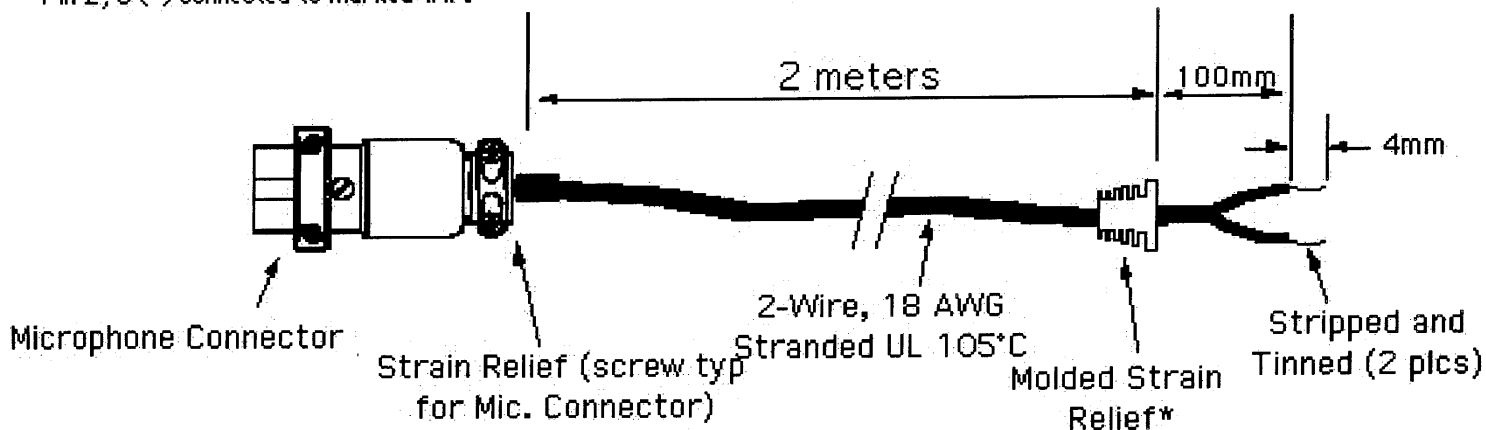

See Attached sheet for
Microphone connector
Information.

Pin 1 (+) connected to unmarked wire
Pin 2, 3 (-) connected to marked wire

* We do **NOT** want to create a new strain relief mold for this cable assembly The Strain relief should be a standard mold already used by the manufacturer (you)

will adjust the hole in our product corresponding to dim (b) to match your standard strain relief. Contact Mobility and provide your drawings of your strain reliefs. We will select and specify one.

Unless otherwise specified, dim's are inches. Tolerances: xxx ±0.005, xx±0.01, angles ± 0.5 Do not scale	APPROVAL	DATE	HO CHIEN www.hochien.com
